

**Training Module 4**

## Professional Leadership and Management of Disability Services and Practices

**Module Summary**

Duration	1 day (10am – 4pm)
Dates	Every 4 months, on 3rd Saturday of the month (starting November)
Venue	Online or in-person
Registration	₦50,000 for individuals. Organisations should contact us.
Certificate	ISDS Certificate of Completion.
Benefits	Free 1-year membership of ISDS Centre Library in Jos.

**Module Aims**

This module covers leadership and management theories in the context of service provision and explores knowledge and understanding of the role of leadership and management in promoting the interests and support for disabled people in all aspects of the disability field across African countries. It examines how effective leadership can influence policy, drive advocacy, and improve service delivery. The module also considers the challenges and opportunities within different cultural, political, and economic contexts. We recommend this training for anyone involved in policy-making, advocacy, service development, or holding current or future positions of leadership in the disability sector. Participants will engage in practical case studies and peer discussions.

**Module Format:**

- **Morning:** Lectures & Interactive Activities (Hybrid – online and in-person)
- **Afternoon:** Practical Work & Group Discussion (Hybrid – online and in-person)

**Learning Outcomes**

By the end of the session, participants will be able to:

1. Understand different leadership and management theories in a disability context
2. Evaluate the role of leadership in improving service delivery for people with disabilities
3. Recognise power, politics, and culture in influencing leadership
4. Develop practical leadership strategies for inclusive and ethical service provision
5. Design leadership interventions within African systems and communities
